The book makes a forthright case for a shift in policy focus from ‘community cohesion’ to the broader notion of ‘social’ cohesion, and is distinctive and innovative in its focus on evaluation. It constitutes an extremely valuable source both for practitioners involved in social cohesion interventions and for researchers and students studying theory-based evaluation and the policy areas highlighted (housing, intergenerational issues, the recession, education, communications, community development).

This book makes a forthright case for a shift in policy focus from ‘community cohesion’ to the broader notion of ‘social’ cohesion, and is distinctive and innovative in its focus on evaluation. It constitutes an extremely valuable source both for practitioners involved in social cohesion interventions and for researchers and students studying theory-based evaluation and the policy areas highlighted (housing, intergenerational issues, the recession, education, communications, community development).

Contents: Introduction: Promoting social cohesion – Peter Ratcliffe and Ines Newman; Part one: Theoretical perspectives: From community cohesion to social cohesion: interrogating a policy paradigm – Peter Ratcliffe; Evaluating social cohesion – Helen Sullivan; Part two: Community cohesion to social cohesion: evaluation and data – methodological issues: Measuring performance in community cohesion – Crispian Fuller; Migration, race and population dynamics – Ludi Simpson; Using local administrative data to evaluate social and community cohesion – John Eversley and Les Mayhew; Assessing the impact of social cohesion initiatives in a media age: methodological and theoretical considerations – Roger Grimshaw and Kate Smart; Social cohesion in the local delivery context: understanding equality and the importance of local knowledge – Rose Doran and Michael Keating; Part three: Policy areas: Housing, spatial patterns and social cohesion – Peter Ratcliffe; Education policy, social cohesion and citizenship – Audrey Osler; Addressing worklessness post the financial crisis – Ines Newman; New communities and social cohesion: third sector approaches to evaluation – Alan Hatton-Yeo and Clare Batty; Part four: Conclusion: Conclusion: towards a theory of change for social cohesion – Ines Newman and Peter Ratcliffe.

"The book's detailed coverage of the principles and practice of evaluation provides a wealth of indispensible material for policy makers, practitioners and academics alike. Essential reading." John Flint, Sheffield Hallam University

"An original approach to an important and timely issue. A great array of contributors provide an essential guide to evaluating the implementation of government measures." Angela Mason, CBE, Deputy Leader, London Borough of Camden

PB £23.99 £15.00 ISBN 978 1 84742 694 9 • HB £65.00 ISBN 978 1 84742 695 6
256 pages tbc • May 2011
